MRS. R. M. HARRIS' WILL ADMITTED TO PROBATE

The will of Mrs. Anna Hutchcraft Harris, who died at her home in this city some weeks ago, was probated in the County Court yesterday. The instrument, after directing the payment of her just debts, and making a large number of minor bequests to relatives, directs that the sum of \$500 be set aside for the upkeep of the lot in the Paris Cemetery; that the sum of \$2,000 be invested in real estate for Miss Annie Hutchcraft for life, and at her death to pass to Mrs. Fanniebell Sutherland; that \$1,000 be paid to Mrs. Fanniebell Sutherland and bequests of a number of articles made to her, and that all her household furniture be given to Miss Annie Hutchcraft. The will further directs the sale of all her oil paintings, the proceeds to be given to Mrs. Hattie Hutchcraft Hill. The balance of her estate, if any, is to be paid to R. B. Hutchcraft. Mrs. Fanniebell Sutherland is named as executor of the estate.

LARGE CROWD GREETED GOLDSTEIN. NOTED LECTURER.

A large and appreciative audience greeted David Goldstein, of Boston, noted author and lecturer, who spoke at the court house Wednesday night on "Bolshevism, What It Is, Its Cure." The lecturer appeared here under the auspices of P. I. McCarthy Council, Knights of Columbus, of this city. The speaker declared in opening his address, that "Bolshevism is only a nickname of the principles of Socialism forty-two years ago. During the world war the fight was waged with renewed strength, and now that the "Red Peril" is proving a menace to peace and prosperity, the public needed to be warned of its perils, and for this reason the order has renewed the fight with vigor. He pointed out that the industrial stagnation that has come upon Soviet Russia as the result of espousing the principles of Bolshevism, and said that neither marriage nor the ownership of property is held sacred in that realm.

Mr. Goldstein read two extracts from the Soviet Constitution of Russia. The first related to the ownership of lands. The second extract related to marriage and divorce, and proved beyond a doubt the truth of the speaker that the Socialist plan for the marriage relation is based on free love. He pointed out that divorce, under the Soviet Constitution of Russia, is a much simpler, if this be possible, matter than marriage. Either, or both, of the contracting parties are simply required to give notice to the Court that the marriage relation is at an end, and the degree is annulled.

Mr. Goldstein spoke for two hours and held the undivided attention of the large audience during the entire time.

BOURBON HORSEMAN SUES FOR \$1,000 DAMAGES.

A suit asking for damages in the sum of \$1,000 has been filed in the office of Circuit Clerk Wm. H. Webb, against Walker D. Hines, as agent for the President of the United States, and the Louisville & Nashville Railroad Company, by Albie G. Jones, prominent Bourbon county horseman.

The suit is for damages claimed to have been sustained by a number of thoroughbred horses which Mr. Jones shipped last fall to the Kentucky State Fair grounds at Louisville. The petition claims that due to the negligence of the railroad employees in switching the car and bumping it, several of his horses received severe injuries. Two of his thoroughbreds, Lady Beautiful and Xalapa Queen, were badly injured about the legs.

RETURNS FROM MEETING OF POLICE CHIEFS.

Chief of Police Fred W. Link, accompanied by Mrs. Link and their daughter, Miss Hazel Link, has returned from Detroit, Mich., where Chief Link attended the meeting of the National Association of Police Chiefs.

Approximately 350 police chiefs from the United States and Canada were present at the convention, which Chief Link said was declared to have been one of the most interesting and enthusiastic ever held. William Quigley, Chief of Police of Rochester, New York, is president of the Association. St. Louis was chosen as the place for the 1921 meeting, after a hard fight, with New York City as a strong contender.

MEDICAL SOCIETY MEETING.

The Kentucky Valley Medical Association convened in Winchester yesterday for its twenty-sixth annual session, having headquarters in the Elks' Club building. The session will continue through to-day. The following Paris physicians were on the program at yesterday's session: Drs. J. A. Orr, A. H. Keller, W. C. Ussery, William Kenney, J. T. Brown and Milton J. Stern. The meeting was called to order by the president, Dr. George F. Doyle, of Winchester. After the invocation by Rev. Dr. C. M. Thompson, of the Winchester Baptist church, the address of welcome was delivered by Dr. J. M. Stevenson, of Winchester, and responded to by Dr. J. A. Stuckey, of Lexington.

BEES DRIVE PARIS MAN FROM DOMICILE.

A swarm of bees coming from nobody knows where, invaded the sleeping apartments of Jos. J. Grosche, Master of Trains of the Louisville & Nashville, in the Wilson building in this city, and for some time held undisputed possession, defying all attempts at persuasion, moral or otherwise.

Mr. Grosche came to his room after a day's work, and upon opening the door, heard a strange humming sound, to which he at first paid no attention. But very soon the source of the noise was located, when he discovered that a swarm of bees had massed upon one of the pillows on his bed, while hundreds of others were darting angrily about the room. Mr. Grosche gave immediate and undisputed possession. Meeting Health Officer Dr. A. H. Keller, he related his experience. Dr. Keller equipped himself with gloves, a gas mask, bee veil and other paraphernalia of the bee fighter, and going to the room, soon had the bees safely lodged inside a soap box. The bees were presented to Mr. Jas. Metcalfe, Assistant Superintendent of the Louisville & Nashville.

A CARD TO THE PUBLIC.

In response to the many inquiries made by patrons and friends of the Paris High School, we have decided to make public a statement of the receipts and expenses connected with the recent production of "Stop Thief."

The total receipts for the two performances was \$414.75. Of this amount \$286.60 went toward expenses, scheduled as follows: Prof. Edwin Saxon, for directing play, \$238.35; lumber, wall paper, canvas, labor, etc., building scenery, \$76.24; miscellaneous \$3.76; music \$36.00; advertising, tickets, programs, etc., \$32.25, making a total of \$336.60. This deducted from \$414.75, left us a net profit of \$28.75 for long weeks of arduous and tiresome work in preparing for the play. This net profit of \$28.75 was turned over to the Paris High School for the benefit of the Library Fund.

FURTHER ACTION EXPECTED IN M. M. I. CASE.

Millersburg people are considerably wrought up over the result of their efforts to retain the M. M. I. there as a military school, and further action in the matter is probable. The proposition to return the school was recently discussed behind closed doors at a meeting of the Bourbon County Board of Education and a committee of Millersburg citizens headed by W. D. McIntyre. A vote taken on the proposition resulted in a tie as follows: For the proposition, D. C. Lisle, Reynold Letton and W. E. Cook; against, W. L. Cantrill, Charles White and W. R. Tuttle. County School Superintendent J. B. Caywood cast the deciding vote against the proposition.

RAINS RELIEVE HEAT

Rains and a return to cooler conditions Wednesday night brought much-needed relief from an oppressive heat wave that has had this section in its grasp for several days. The mercury soared into the nineties, bringing general discomfort in its wake. It was the first real hot spell of the summer season.

For a time high winds, almost approaching the cyclonic stage, prevailed, accompanied by thunder and a brilliant electrical display.

Yesterday a sudden drop in the temperature caused by hard storms in the West, made the day an unusually cool one. The daily papers carried reports of snow storms in Montana and other Western States, which caused considerable damage and helped to send the mercury tumbling down in this section.

FORMER PARISIAN "MENTIONED"

Former Parisian James D. Chambers, of Cincinnati, has been recommended by the Democratic Committee of Hamilton county, Ohio, for nomination as candidate for State Senator from that district. He is said to be the youngest man ever considered by the Democrats of Harrison county for so high a position.
 Mr. Chambers, who holds a responsible position with a large industrial firm in Cincinnati, is a son of the late Mr. and Mrs. Wm. P. Chambers, of Paris, his father having served as Mayor of Paris. He is a nephew of Mrs. George R. Bell and Mrs. Winnie Ford, of Paris, and a cousin of Duncan Bell and Wm. and Lew Taylor, of Paris.

INCREASE OF FARES ON INTER-URBAN LINES.

The Kentucky Traction and Terminal Company, which operates interurban lines and street car service in Frankfort, Georgetown, Versailles, Paris, Nicholasville and Lexington, announces an increase in fare in the various towns from six to seven cents. The rate on interurban will be seven cents for the first two miles, instead of six cents as heretofore, and three cents for each additional mile.

The company has launched an extensive advertising campaign in an effort to convince its patrons that it can not maintain efficient and adequate service at the present fares. Maintenance costs have increased by leaps and bounds, the advertisements say, and if the company is to survive and to render the service patrons expect the increase must prevail.

India Rubber Strangely Named.

Few articles seem more strangely named than india rubber. It gets its name from the first use to which it was put—that of erasing pencil marks by rubbing. Nor should it be associated with India. The tree was first mentioned by an explorer among the Mexican Indians three centuries ago.

Sugar and Crime.

The observation has been made in the English courts that 90 per cent of the children brought up for trial were accused of stealing sweets. This corroborates the assertion of Judge Henry Neil that whenever there is an increase in juvenile crime it is due to a scarcity of sugar. The children must have sugar and they will steal it if they must.

In Buying Flour

Price Should Be a Secondary Consideration

Above all things, consider the conditions under which it is made. Nothing we eat is more susceptible to the influence of unsanitary surroundings than flour. In the manufacture of

ROYAL SPRING FLOUR

cleanliness is the watchword; germs and bacteria are overcome by perfect CLEANLINESS. And, besides, you don't have to pay any more for it than you do for ordinary flour. Try just one sack; we know the verdict.

TO THE CITIZENS OF PARIS AND BOURBON COUNTY:

We have established an agency in Paris for the distribution of

BLUE GRASS GASOLINE

Strictly a high grade straight run Kentucky product, made from the famous Big Sinking Kentucky Crude Oil, pronounced by the leading chemists to be second to no crude oil for high grade gasoline. We have our own production in the famous Big Sinking pool, our own field pipe lines, our own steamboat and barges, the largest and best that plies the waters of the beautiful Kentucky River, our own pipe line from the river to our refinery at Lexington.

We also have the best equipped fleet of delivery trucks in the State, handled by competent and courteous drivers.

Kentucky is destined to become one of the leading oil States. Why should we not manufacture and consume our own natural resources, instead of sending our money to Chicago and New York? Every dollar you spend for BLUE GRASS GASOLINE remains in Kentucky.

These are all true and logical reasons why you should use BLUE GRASS GASOLINE, but the main and important reason to the consumer is because BY ACTUAL TEST IT IS DECIDEDLY THE BEST ON THE MARKET. We believe in Kentucky. Do you? If so, insist on getting the best, which is BLUE GRASS GASOLINE.

On the second afternoon of the Redpath Chautauqua in Paris, July 7, V. S. Watkins, widely known dramatic reader, will give one of the monologues which have gained for him such an enviable reputation.

"How to Be Young at 70 or Old at 40" will be the subject of a great lecture to be given on the second night of Dr. Carolyn E. Geisel, of Battle Creek, Mich. "An Apostle of Health" is the title often bestowed on Dr. Geisel. She is a magnetic, dynamic lecturer. "A perfect dynamo of power" and the "biggest little woman in the world" are some of the tributes accorded to her as a speaker.

The Emerson Williams Company, composed of Emerson Williams, baritone, and his wife, Jean MacNeil, contralto, will appear in concert preludes on the second afternoon and night. They feature popular songs in costume, both in duets and solo selections. Both Mr. Williams and Miss MacNeil are well known for their Edison phonograph records of Scotch songs.

WHERE SANTA ANNA SLEPT

(Central Methodist)

"I heard travelers and wagoners speak of Edmond Martin's Tavern and wagon yard, but never heard of Throckmorton's Tavern, near Millersburg," writes J. S. Millikin in reminiscences of the Maysville-Lexington pike. "One of Edmond Martin's grandsons married the daughter of Rev. C. F. Oney. When in Millersburg on a visit, I took dinner with him. He resided in his father's old home, a large brick dwelling on a farm about a mile north of Millersburg. It was there that Gen. Santa Anna spent the night. He was the Mexican general who fought against General Taylor in the battle of Buena Vista, Mexico, where so many Kentuckians were slain."

"I remember James G. Blaine, who taught a military school at the Blue Lick Springs. I enjoyed seeing him drill his pupils. He had in this school the drummer who beat the drum at the battle of Buena Vista."

"I loved to see the great loads of freight that were hauled on broad-tread wagons, drawn by six and sometimes eight horses. Boy like, I enjoyed seeing the stage come rolling into the Lick, drawn by four horses going in a lope! This stage was usually full of passengers with some on top. That was before there was any railroad built to Paris. Travelers had to go from Cincinnati to Maysville on a boat, then to Lexington on a stage."

WOOL AUCTION POSTPONED

Bourbon county wool dealers and growers have been advised that the Central Kentucky wool auction, set for June 21 in Lexington, has been postponed until June 28, according to an announcement made by Prof. John R. Humphreys, of the Department of Markets of the Experiment Station.

This action was made necessary because of the inability of the graders to cover all the counties in the pool by June 21. Prof. Humphreys said that wool growers of twenty-seven counties had pooled fleeces and wool in the pool. Reliable totals place the figures at 670,000 pounds. Indications are that one thousand growers will attend the wool auction, and that buyers from

INVENTIVE GENIUS ROBS CALOMEL OF NAUSEA AND DANGER

Doctors' Favorite Medicine Now
Purified and Refined from All
Objectionable Effects. "Calo-
tabs"—the New Name.

What will human ingenuity do next? Smokeless powder, wireless telegraphy, horseless carriages, colorless iodine, tasteless quinine, now comes nausealess calomel. The new improvement called "Calotabs" is now on sale at drugstores.

For biliousness, constipation and indigestion the new calomel tablet is a practically perfect remedy, as evidenced by the fact that the manufacturers have authorized all druggists to refund the price if the customer is not "perfectly delighted" with Calotabs. One tablet at bedtime with a swallow of water—that's all. No taste, no nausea, no griping, no salts. By morning your liver is thoroughly cleansed and you are feeling fine, with a hearty appetite. Eat what you please—no danger—go about your business.

Calotabs are not sold in bulk. Get an original package, sealed. Price, thirty-five cents.—(adv.)

WHAT IS TO BE DONE WITH MEMORIAL FUND?

THE NEWS has been asked frequently what disposition is to be made of the fund raised some time ago for the purpose of erecting a suitable and lasting memorial to the Bourbon county soldiers and sailors who made the supreme sacrifice during the world war. THE NEWS has been frank enough to confess that we have made the same inquiry a number of times but are no nearer the desired information.

The fund started about eighteen months ago, and amounted to the sum of \$11,000. The money is in bank, but the memorial is still in the future. Various suggestions have been offered at different times as to the form the memorial should take, but nothing has been done in the matter. One of the most patriotic women of Paris thinks the city and county should get together and convert the old East Paris covered bridge into a memorial bridge in memory of "the boys," and others have come forward with other suggestions equally as good.

Lessons in patriotism are most valuable aids in conserving the life of a nation. So long as the sacred

feeling for home and country grows in heart and mind a nation will live. For this reason we heartily approve the movement to erect a memorial to our heroes of the late war that will feed the holy fires of patriotic devotion, inspire future generations to emulate the deeds of those who are enshrined in our hearts and strive to discharge a part of the debt of gratitude that can never be fully paid.

In keeping with the spirit of the age something should be done, and someone should decide on a form the memorial should take. Delays are dangerous and the longer the time the further away will seem the prospect for having the memorial assume definite form. Other towns around us have been more active in this matter, and have at least erected bronze memorial tablets for the purpose. What is to be done?

DAMAGED BY RECENT STORMS

The recent heavy rains that fell throughout the county, accompanied by thunder and electrical storms, have done a large amount of damage, according to farmers who were in the city Saturday. In many places the rains washed the tobacco fields that had just been set out, necessitating replanting and a heavy expense, owing to the scarcity of labor and the high wages being paid for that class of farm work. During one of the storms a large tobacco barn under construction on the farm of Chas. N. Peddicord, on the Clintonville pike, near Paris, was totally demolished. Creeks were out of their banks, making the eighth high stage of water since last November. All over the county fields were badly washed, and fencing along the banks of streams were washed away.

DRILLING FOR OIL.

A Cleveland syndicate which pur-
chased oil leases from Earl Foru
and associates near the Bourbon-
Harrison county line has begun
drilling for oil on the Miles McKee
place, on the Riddles Mills pike.
The drill has reached a depth of
125 feet, about 120 of which is
through solid rock. The drilling
outfit was brought from the South-
ern part of the State by Lynn Lall.

ATTENTION, BUILDERS! If you don't do it now you may regret it.

MISSING BOY FOUND.

A county-wide search for David
Bramel, nine years old, son of Ed-
ward Bramel, Louisville & Nash-
ville engineer, who mysteriously
disappeared from his home on South
Main street, Monday, ended Wed-
nesday, much to the relief of the
police and his parents.

Young Bramel had been playing
around the home a short time be-
fore his disappearance. Not re-
turning home for dinner, his par-
ents became alarmed and instituted
a search. Playmates stated they
had seen him get on a passing truck
bound for the country. The police
and the county authorities were no-
tified and a vigorous search was be-
gun. No trace was found of the
missing boy until Wednesday, when
a telephone message to his parents
stated that he had made his way to
the home of an aunt, residing near
Escondido, without notifying any-
one of his destination. He was re-
turned to his home Wednesday
night, where he was greeted as a
returned prodigal.

Paris people are eagerly awaiting
the appearance in Paris of the Lit-
tlejohn Carnival Co., an amusement
enterprise which needs no formal

YES, IT HAILED

Once upon a time
There was one of
The prettiest stands
Of tobacco ever
Seen in Central
Kentucky which is
The same thing as
Saying in the world
And don't you know
That one day the
Wind began to blow
And some black
Clouds appeared
And a sure enough
Hail storm arrived
And in just about
Three minutes that
Tobacco was ruined
And wasn't worth
Ten cents a hundred,
But Mr. Owner didn't
Feel so badly as
You might think, for
He had the foresight
To insure his tobacco
Against damage by
Hail, so he went to
The 'phone and reported
His loss and in a
Few days received a
Nice fat check which
Brings us to what we
Started out to say—
And that is the hail
Season begins July 10—
So give us your order
Now to insure your
Tobacco, beginning the
Tenth of July, and
Then instead of your
Worrying we will

Worry!

EVERYTHING IS ALL SET FOR BIG PRESS MEET.

Kentucky newspaper men and men of the allied professions will gather in Covington this week at the annual meeting of the State Press Association, which convenes Thursday for a three-days' session. The Committee on Arrangements has sent out word to the newspaper men that they have made good on every promise, and that the coming meeting will be one of the most enjoyable they have ever had.

Claude Shafer, the celebrated cartoonist, originator of "Old Man Grump," has sent the following characteristic message: "To All Kentucky Publishers: You are invited to attend the meeting at Covington, on June 17, 18 and 19. And if you turn down an invite like this I won't think no more of you than I do of them Reds."

WHAT AN AWFUL JOIT!

The Carlisle Mercury hands us the follow hard joit, straight from the shoulder:

"We can't brag much about our Nicholas county roads, but flivvers will soon have to be equipped with caterpillar treads to keep from being submerged in the holes between Millersburg and Paris. And between the bridge and the court house in Paris, it you haven't an air-ship, you are out of luck."

The Department of agriculture may tell us that it is not necessary to save food, but the prices of it don't.

LUCKY DECISION FOR HIM, HE SAYS

Was Badly Run Down and Losing Weight Rapidly When He Determined To Try Tanlac

In the past four weeks I have not only been restored to complete health, but I have also gained twelve pounds in weight," said John F. Lawrence, a prosperous farmer living on R. F. D. 8, Toledo, Ohio.

"During the past two years I have been in such a weak, run-down condition that I felt good-for-nothing all the time. My appetite was poor, nothing tasted good to me and I couldn't digest what I did eat. After eating I always suffered from nausea and I felt nervous most of the time. I was nervous and restless, could never sleep well and was so weak that I became exhausted if I tried to get around and do a little work. Nothing I took did me a particle of good and I worried over my condition so I was beginning to lose weight rapidly.

"Finally, I decided to try Tanlac as so many people right here in Iedo had been taking it with fine results. Well, that was a lucky decision on my part, for right away I began to feel better, work better and to pick up in weight and strength. So far, I have taken three bottles, and, as I said, I have gained twelve pounds and am stronger than I have been in many years. I eat like a hungry wolf and never suffer from indigestion at all. My nerves are as strong as steel and I sleep sound all night long just like I used to years ago. I feel brim full of life and energy and I gladly tell others that Tanlac did it all."

Tanlac is sold in Paris at the Peoples' Pharmacy. (adv)

SWIFT & CO'S WEEKLY PRODUCE MARKET REVIEW

Cream deliveries during the week show some increase. Prices remain generally unchanged with a good demand for butter, both for storage and current consumption.

Quality of butter manufactured could be improved if more attention was given to the care and handling of cream on the part of the producers, and if the cream produced was marketed more frequently.

It is very important, if cream is to bring top prices, that it be clean in flavor—warm cream should never be mixed with cold cream.

The higher temperatures throughout the producing sections are effecting the quality of eggs marketed, although there has been but little change in the market quotations. To secure the highest prices eggs should be gathered daily, kept in a cool place and marketed frequently.

It should be remembered that roosters are not necessary for egg production; that infertile eggs, produced during the summer months, have better keeping qualities and result in better prices.

A larger volume of poultry was marketed during the week, resulting in slightly lower prices.

The supply of young chickens is increasing and bringing good prices.

CATARRHAL DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. F. J. CHENEY & CO. Toledo, Ohio. (June-adv)

CUT THIS OUT AND TAKE IT WITH YOU

A man often forgets the exact name of the article he wishes to purchase, and as a last resort takes something else instead. This is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Tablets. You will find nothing quite so satisfactory for constipation and indigestion. (June-adv)

Doctor Cupid

That love sometimes cures disease is a fact that has been called to the attention of the public by a prominent physician. Love is not, however, the cure for all women. Many a woman is nervous and irritable, feels dragged down and worn out for no reason that she can think of.

Doctor Pierce's Favorite Prescription gives new life and new strength to weak, worn-out, run-down women. "Favorite Prescription" makes weak women strong and sick women well. It is now sold by all druggists in the United States in tablets as well as liquid form.

Send 10c to Dr. Pierce, Buffalo N. Y., for trial pkg. of the tablets.

NASHVILLE, TENN.—"I have used Dr. Pierce's Favorite Prescription and found it to do what it is recommended to do. It did me more good than the doctors. I had several and none of them did me any good. Dr. Pierce's Favorite Prescription is the only thing for weak, broken-down women. I felt like a new woman after taking it. I weighed 155 lbs. and never felt better in my life."—MRS. AGNES TATUM, 175 L. Green St.

BEAUTY IS WITHIN REACH OF US ALL

If there is anything we all long to see, it is the South, a land of beautiful homes, and this could be accomplished in a short time if we would all strive for it. We do not have to live in a mansion to have a beautiful home—some of the loveliest homes I ever knew were only tiny cabins surrounded by flowers.

Our woods are full of shrubs, flowers and ferns. There is no vine so lovely as the Virginia creeper and dogwood, redbud and sumac are beautiful on the lawn.

If your house is old and you intend building in a few years, whitewash the old one and surround it with vines and flowers. There is no land on earth half so beautiful as ours—let us make it a land of beautiful homes as well. Plant fruit trees, too, while you are about it.

Here's a Paris resident's statement:

High street, says: "I have used Doan's Kidney Pills with good results and I know from the help they gave me that they would be just as beneficial in other cases of kidney trouble. I had a dead, dull ache across the small of my back and my kidneys acted irregularly. Doan's Kidney Pills rid me of those complaints and if I should need a kidney remedy again I would certainly take Doan's."

BOOZE IS NOT A GOOD CURE

(From the Ames Iowa Intelligencer.)

When a man comes to you all doubled up with pain and declares he will die in your presence unless you procure him a drink of whiskey, send him to a doctor or else give him a dose of Chamberlain's Colic and Diarrhoea Remedy. There is a mistaken notion among a whole lot of people that booze is the best remedy for colic and stomach ache.

NO BALM IN GILEAD, NO OIL FOR PARIS.

Unless the citizens of Paris raise a fund by private subscriptions for the purpose of purchasing oil for the streets this summer they will have to suffer the dust nuisance. At the recent meeting of the City Council the members refused to purchase the oil, owing, it was said, to a lack of funds for that purpose. Meanwhile the dust gathers and gathers.

OUIJA CALLED TO BOOK

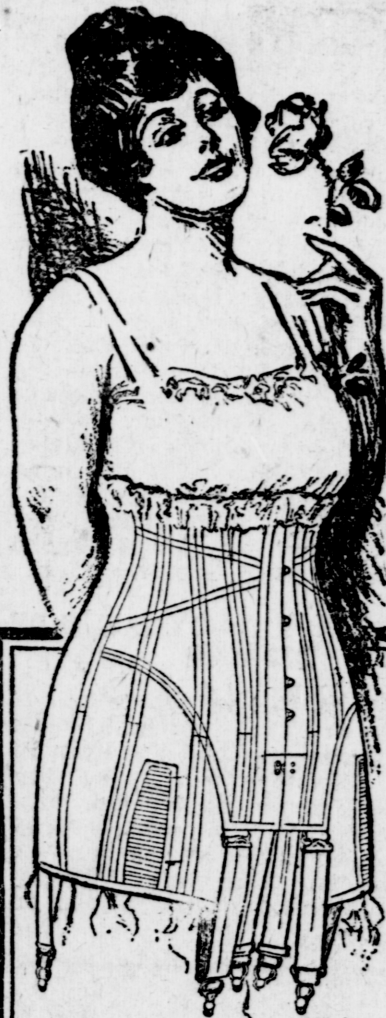

The costliness of taking the ouija board seriously is now to be demonstrated in Chicago. A couple whose home had been robbed consulted ouija, who promptly spelled out the name of a man and his wife as the guilty. The victims of the robbery repeated this, and now they are defendants in a \$10,000 suit for slander. The accused say they are not interested in anything else ouija may be; it is enough for them that in this case he is a liar, and that those who took stock in him against them are going to pay dearly for it. It has been difficult to believe that any grownups take this board as more than a childish plaything, but here is evidence that some who ought to know better consider it seriously. It may be well enough, then, to impress such that, instead of recognizing a spirit of the invisible world as moving the speller, only the visible at the board would be held responsible for any false statement resulting from the operation. The old matter-of-fact dictionary sees nothing in the performance but "unconscious muscular exertion" of the hands in keeping with the dominant thought of the sitters at the board. Just a form of the planchette that amused folks long ago.

It ought to be enough for anyone that if there were any enlightening power in such devices practical use would have been made of them long ago. Instead of maintaining costly detective bureaus, a 98-cent ouija board would be used. Why, even the courts would be done away with if a way could be found to have spirits do the work for nothing. Common sense must be found to have spirits do the work for nothing. Common sense must be applied to everything. When so-called spirit messages are trifling or mendacious the only conclusion is that their origin is of a low earthly nature or else a brand of visibilities who ought to be regarded as pests instead of instructors. While the mind may be kept open to the work of reputable psychic instructors and researchers, it ought to be shut to every form of quackery that would sell the "secrets of the beyond." While there is almost universal belief in immortality, it is a sublime, sacred thing—not a thing to be pried into with a couple of bits of board. If it is to be revealed, it will come fittingly in the fullness of time.

In regard to the things of the beyond, there should be a spirit of reverence as well as common sense.

HUTCHINSON—SMILEY.

—One of the greatest surprises, but at the same time a most agreeable one, that Paris has experienced for some time, was occasioned yesterday when news came here to friends, telling of the marriage in Ravenswood, West Virginia, Wednesday, of Rev. T. S. Smylie, pastor of the Paris Presbyterian church, to Miss Mildred Hutchinson, of that city. The ceremony was performed at the home of the bride, who is a daughter of Rev. and Mrs. Hutchinson, her father being pastor of Baptist church at Ravenswood.

Rev. Smylie gave notice of his intention to his congregation Sunday morning, and until then it was not generally known that Cupid had shot his arrows at him.

Rev. Smylie since his residence here as pastor of the Presbyterian church, has endeared himself to friends both in and out of his congregation, all of whom have learned to admire and esteem him for his geniality and high traits of Christian character.

Following the ceremony Rev. and Mrs. Smylie left for Dermott, Arkansas, where they will spend a part of their honeymoon with Rev. Smylie's parents. THE NEWS, in common with other friends of this most estimable clergyman, extends warmest felicitations and hearty good wishes.

WHEAT HARVEST NEXT.

The harvesting of the wheat crop in Bourbon county will begin next week, if weather conditions remain favorable. While the acreage in the county is a little below normal, it is claimed that the quality is good. The weather has been very favorable for wheat this spring, and many crops that were given up as practically hopeless have developed into nice prospects within the past few weeks, due to the ripening effects of the hot sun and warm rains.

DEATHS.

GRANT.

—Walter Clark Grant, eight-months-old child of Mr. and Mrs. Walter Grant, of Escondido, died at the home of his parents Monday night, following a short illness from spinal trouble. The interment took place Tuesday morning, with a short service held at the grave in the Paris Cemetery.

DICKEY.

—Flora A. Dickey, aged nine, died Tuesday night at the home of her parents, Mr. and Mrs. James S. Dickey, on Virginia avenue, after a short illness. The funeral was held at the family residence yesterday morning at 9:30 o'clock, with services conducted by Rev. W. E. Ellis, pastor of the Paris Christian church. The interment followed in the Jacksonville Cemetery. The stricken parents have the sympathy of the community in the loss of their little daughter.

HUTCHISON

—Rector Hutchison, aged forty-eight, a former resident of Bourbon county, died recently in Detroit, Mich., where he had been residing many years. The funeral services and burial took place in Detroit.

Mr. Hutchison, during his residence in Paris, made his home with his uncle, Nathan H. Bayless, Sr. He was a brother of the late Miss Carrie Hutchison, of Paris. He is survived by his widow and one son, also by two sisters, Miss Hattie Hutchison, of Detroit, and Miss Mary Hutchison, of Memphis, Tenn. The deceased will be well remembered here by former friends and acquaintances.

BLUE GRASS SEED HARVEST.

A large quantity of the Bluegrass seed that has made Kentucky famous has already been gathered in this county, where the crop has been pronounced one of good quality, according to heavy producers. The demand at the present time is somewhat out of the ordinary. Local dealers announced yesterday they were paying \$1.00 a bushel for the seed taken from the stripper. Much of the ground heretofore used for grass seed growing has been turned over to other purposes, and this it is believed will revert, owing to the big demand and the prevailing prices. One dealer some time ago sent a sample of Bourbon county Bluegrass seed to the Hawaiian Islands, where it is now being grown. Canada is also applying for seed, and a considerable quantity is being sent there. An annual demand is also in evidence from the West.

RELIGIOUS.

—The Missionary Auxiliary and Circle of the Presbyterian church will hold a joint meeting in the church parlors at eight o'clock Monday evening. All members are urged to be present, as this will be the last meeting of the year.

—Misses Elizabeth Crutcher, Irene Bremblett and Josephine Pithian and Mr. Owen Davis will leave Wednesday for the Presbyterian summer training school at Montreat, North Carolina, where they will take a special course in Sunday School and Christian Endeavor work. Montreat is in the Blue Ridge mountains, near Asheville, and comprises a tract of several hundred acres, with three large hotels and fifteen community houses, where thousands of Presbyterians go every summer for instruction, rest and recreation. Last summer ten thousand were in attendance and three thousand were turned away on account of lack of accommodation.

ATTENTION, RETAILERS OF GASOLINE.

Under the provisions of the law passed at the last session of the Kentucky Legislature it is made necessary for all dealers by retail of gasoline to register their names and places of business with the County Clerk of Bourbon. All dealers are requested to write for application from the County Clerk at once, as failure to register with the Clerk is made a heavy penalty. The one cent tax on gasoline went into effect yesterday. The County Clerk is required to furnish each dealer with a blank on which to make out their monthly report.

None but the brave deserve the fair. Discretion is the better half of valor.

PARIS MEMBERS ON RECEPTION COMMITTEE.

Franklin D'Olier, National Commander of the American Legion, will visit the Department of Kentucky, June 25th. He will stop at Louisville on his way South.

At noon, Friday, June 25, Mr. D'Olier will be the guest of honor at a joint luncheon given by the American Legion of Kentucky and the Louisville Board of Trade at the Seelbach Hotel. At this luncheon, Mr. D'Olier will speak on the subject of "Adjusted Compensation," and the Legion's attitude thereon. During the afternoon Mr. and Mrs. D'Olier, the Kentucky Commander, Mr. Bell, and Mrs. Bell and party, will be the guests of the Commander of Jefferson Post, Mr. McMeekin, at a local ball game. At 6:30 p. m. an informal dinner will be given in the Red Room of the Seelbach in honor of Mr. and Mrs. D'Olier. From eight until eleven p. m. an informal reception will be given by the American Legion of Kentucky at which it is hoped Mr. D'Olier will become personally acquainted with a great number of Kentucky Legionnaires and their ladies. All functions will be informal so far as dress is concerned.

Dr. J. A. Orr, Commander, and William Collins, Adjutant, will represent Bourbon Post of the Legion, on the Reception Committee, and will attend the functions given in Louisville.

LIVESTOCK TRANSACTIONS

W. S. Haggard, of near Paris, shipped to the Cincinnati market Tuesday, a carload of butcher cows, steers and heifers, for which he paid from seven to eleven cents a pound. He also shipped a carload of fancy white-faced heifers, purchased from Ben Woodford, for which he paid 11 1/2 cents a pound.

Heaping coals of fire seems to be an obsolete practice.
